

 ENTECH & SEMAR ENGINEERING AND MARINE SOLUTIONS	MANAGEMENT SYSTEMS QUALITY POLICY	Yayın Tarihi : 04.03.2019 Revizyon No : 00 Revizyon Tarihi : 04.03.2019 Sayfa No : 1/1
--	--	---

As Entech & Semar Engineering Company, in the framework of our mission and vision; with our experience, knowledge, skilled and qualified workforce, we provide ship spare parts and ship maintenance services to domestic and foreign customers with high value added, innovative and reliable products and solutions.

In above context;

- We comply with the Standards, Occupational Health and Safety and Information Security Management Systems Standards, the legal and applicable requirements in force.
- We provide quality and reliable products and services in accordance with customer demands with the importance and awareness of customer satisfaction.
- In line with our mission, vision, strategies and objectives, we continuously improve these systems for effective and efficient implementation of Quality, Occupational Health and Safety and Information Security Management Systems, and set goals and targets for compliance with requirements.
- We identify risks in the areas of Quality, Occupational Health and Safety and Information Security and take the necessary measures by reducing the risks and related evaluations.
- We provide safe and healthy working conditions to prevent work-related injuries and diseases.
- We provide our services within the framework of a business understanding that will provide added value to our environment and the society we belong to.
- We allocate the necessary resources for the continuous improvement of our management systems, and continuously improve our activities with the participation of all our employees and stakeholders.
